Important Information

- This guide assumes you are an Australian resident individual taxpayer with units in **Centro Direct Property Fund International**. This guide should not be used for other investment income, nor should it be used for other types of taxpayers such as a company, trust, partnership or superannuation fund.
- This guide assumes that you do not have any current year or carried forward revenue losses, capital losses or foreign losses and that you hold your units as an investment rather than as part of a business that trades in these types of investments.
- Your Annual Taxation Statement for the year ended 30 June 2010 summarises the distributions you received in respect of the 12 months ended 30 June 2010. You should note that the distributions are generally assessable in the year they are earned, regardless of when they are paid. Your Annual Taxation Statement summarises this information for you.
- Please refer to Page 4 of this tax guide if you have sold your investment during the year ended 30 June 2010.

Note

The taxation treatment of investment income can be complex. If you have any doubt about your tax position, we recommend you seek professional taxation advice from your accountant or taxation adviser. This guide should not be relied upon as taxation advice.

Centro Direct Property Fund International
Annual Taxation Statement
For the Year Ended 30 June 2010

Dear Investor

This statement has been prepared to assist with the completion of your Income Tax Return. The following is a summary of your taxable income relating to your total distribution for the year ended 30 June 2010. Generally, this income will be assessable in your 2009-10 income tax return, however, investors should seek their own tax advice. You should refer to the 2010 Annual Tax Return Guide for Individuals prior to completing your Income Tax Return. The 2010 Annual Tax Return Guide can be obtained from www.centro.com.au or by contacting us on 1800 802 400 for a hard copy.

B. Tax Deferred Income (Item 2)

Generally, Tax Deferred Income is not taxable when received. Tax Deferred Income received reduces the capital gains tax cost base of your units. Once the total Tax Deferred Income amounts received by you during the total period that you hold your units exceeds your cost base in respect of those units, the excess distributions will be subject to tax under the capital gains tax provisions. In addition, as you acquired your units after 19 September 1985, if you sell your securities, your capital gain or loss will be calculated by subtracting from your sale proceeds, the cost base of your units reduced by the total Tax Deferred Income amounts received by you from that investment.

Have you sold your investment?

If you have sold any of your units during the year ended 30 June 2010, you may have made a capital gain or loss. You will need to obtain a copy of the booklet '**Personal investors guide to capital gains tax 2009-10**' from the Australian Tax Office to assist in calculating your gain or loss.

You should be aware that the information contained in your Annual Taxation Statement does not include any capital gains or losses that you may have realised relating to a disposal of your units during the year ended 30 June 2010.
